

## **JT Cleary Completes Saugerties Harbor Dredging for USACE, NY**

*For Immediate Release, October 1, 2015, Chestnut Ridge, NY:* JT Cleary completed maintenance dredging of Saugerties Harbor on the Hudson River in Saugerties, NY, for the US Army Corps of Engineers. The project, located near Esopus Creek, involved dredging 20,000cy of silt, clay, and sand from the navigation channel in Saugerties Harbor. Sediment was removed with a barge-mounted crane and an environmental bucket. The dredge material was transported by hopper barge to Houghtaling Island, a government-owned dredge material placement site, where it was pumped to a diked containment cell on the island.

### **About JT Cleary**

JT Cleary is a leader in turn-key marine construction services, delivering innovation with the highest level of quality. From repairs to new installations, dredging, or deep foundations, the company mobilizes the best equipment, technology, and talent to make your project a success.
