

JT Cleary Completes Bulkhead & Dredging at SW Brooklyn Marine Transfer Station

For Immediate Release, August 15, 2018, Chestnut Ridge, NY: JT Cleary completed the marine construction work for the newly rebuilt Southwest Brooklyn Marine Transfer Station in New York City. JT Cleary's scope was the marine demolition, dredging, king pile bulkhead installation, fendering, and timberwork for the \$140 million rehabilitation of the Department of Sanitation marine transfer station. Dredge material was dewatered and processed for beneficial reuse.

About JT Cleary

JT Cleary is a leader in marine construction, delivering innovation with the highest standards of quality and safety. Capabilities include a variety of marine structures, dredging, diving, and deep foundations. Based in the greater New York City area since 1995, the company performs work along the eastern seaboard and gulf coast with its state-of-the-art fleet and the top talent in the marine construction sector. www.jtcleary.com
