

Position: Marine Construction Superintendent

Location: Chestnut Ridge, NY / Greater New York City

Availability: Full-time position

Travel: Local

Relocation: Commensurate with experience and qualifications

Company Background

JT Cleary, Inc. is a leading marine construction and dredging company in the Greater New York City area. Founded in 1995, the company established a reputation for excellence and has grown steadily, developing loyal customers throughout the Mid-Atlantic and Northeast. In 2018, JT Cleary was acquired by the Tully Group (www.tullygroup.us), the largest privately-owned construction company in New York City and one of the largest in the US. JT Cleary is expanding its operations, adding more and larger projects to its existing backlog of contracts. The corporate office is in Chestnut Ridge, NY, in the metro New York City area, with easy access to the tri-state area. Visit www.jtcleary.com.

Job Description

The Superintendent reports to the General Superintendent and is the on-site, direct supervisor of construction field crews. The Superintendent is also responsible for equipment, logistics, report writing, and client liaison activities in connection with construction projects. Occasional travel is involved. Additional duties include:

- Assist with cost estimating
- Manage logistics for crews, crane barges, and tugboats
- Development of hazard analysis for projects
- Review of safe work practices with labor force prior to project commencement
- Holding daily safety meetings with crew
- Documentation of daily safety meetings
- Accident investigation and reporting
- Performing routine safety inspections

Qualifications

- Must have 5+ years' experience in marine and/or heavy civil construction supervisory/oversight positions.
- Strong interpersonal, leadership, and verbal/written communication skills are required.
- A degree in Engineering or a related discipline is preferred.

JT Cleary is an equal opportunity employer.
